Mr. Shani Abeysekera
Director
Criminal Investigation Department
Colombo

Dear Mr. Abeysekera,

I respectfully request your assistance in granting me, and my daughter or alternatively my son, permission to visit my husband, Rtd. Major General Suresh Sallay, who is currently admitted to the National Hospital, Colombo.

As you are aware, my husband is presently engaged in a fast-unto-death campaign. His physical condition and emotional well-being are of deep concern to our family. During this difficult period, the presence and support of his immediate family are extremely important to him.

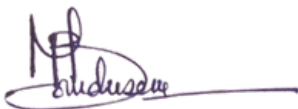

I firmly believe that regular visits from me with our daughter or our son would help uplift his spirits, provide him with much-needed emotional strength, and may encourage him to reconsider continuing this course of action. Family support can play a vital role in preserving his mental and emotional health while he remains hospitalized.

In view of these exceptional circumstances, I kindly request that permission be granted for either me and my daughter or my son to visit him daily during the period of his hospitalization.

I would be most grateful for your compassionate consideration of this request.

Thank you for your time and understanding.

Yours sincerely,
